

**List of questions that were asked to journalists from visual, audio, and written media institutions regarding the right of access to information:**

1. What are the difficulties that you face in obtaining official information when covering an event or investigating a topic? Could you please elaborate/ give practical examples?
2. Do you collect official information directly from the source or through indirect sources (such as through personal contacts)?
3. What methods do you use to avoid or circumvent obstacles to accessing official information? Could you please give practical examples?
4. In your opinion, what are the limits to accessing and publishing official information?
5. How do you understand as a journalist the expression “Right of Access to Information”?
6. Did you hear about the “Right of Access to Information” draft bill?
7. In your opinion how the whistleblower could be protected?
